INVESTOR PORTAL V3.0

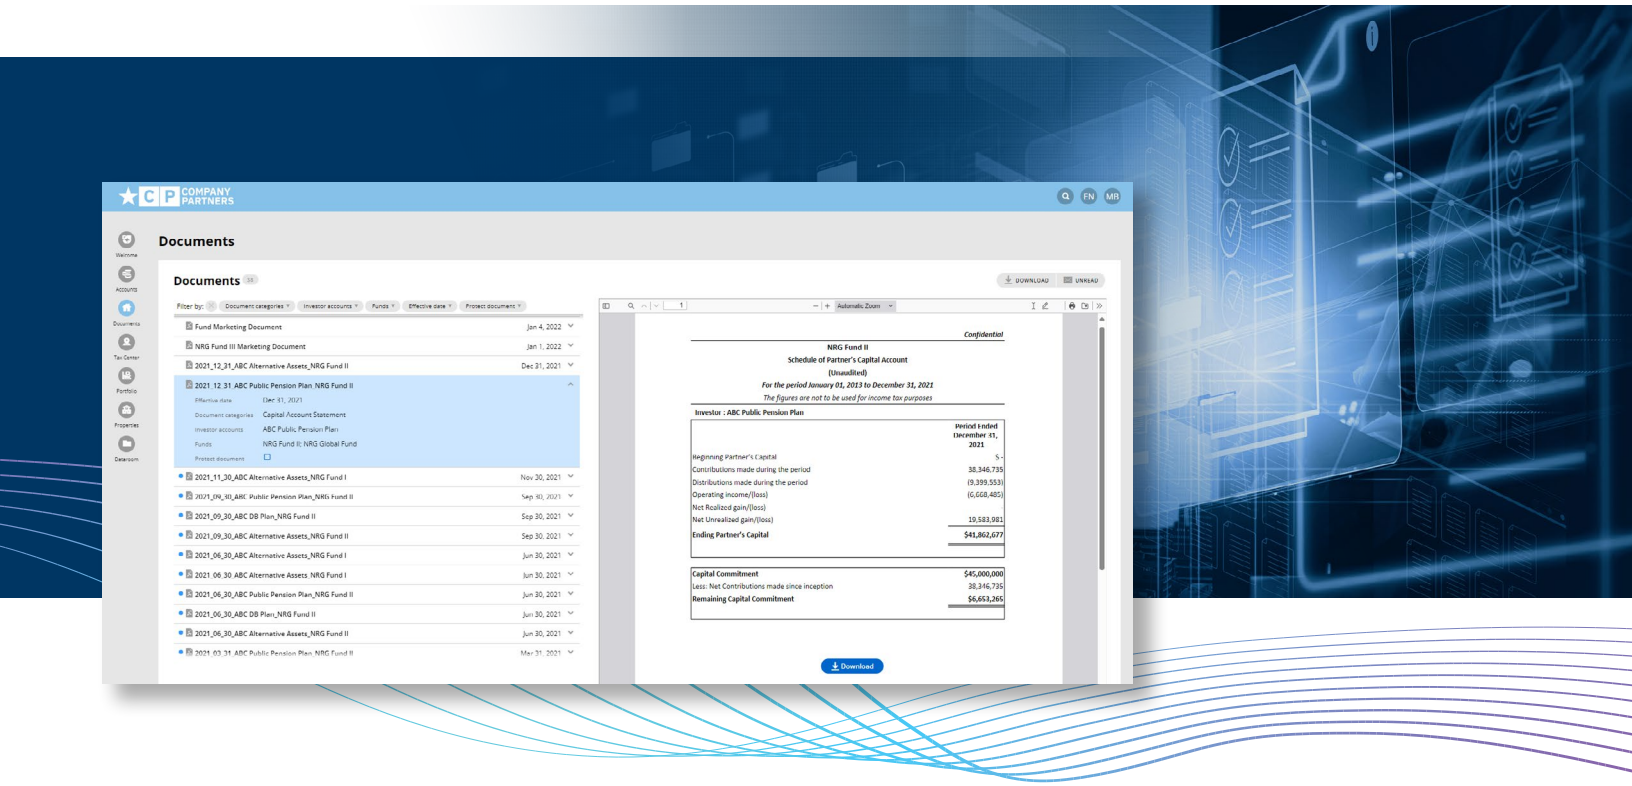

Here's how the new Dynamo Investor Portal redefines investor communications:

Document Management Transformation

At the core of the Dynamo Investor Portal v3.0 is a reimagined document management system, meticulously designed for the ultimate user experience. The enhanced filters, effortless document downloads, and categorization features ensure that crucial investment documents are organized and accessible like never before.

- **Tax Center Integration**
  Simplifying tax documentation has never been easier. Our dedicated Tax Center ensures capital calls, distributions, and essential tax documents are streamlined and secured.
- **Advanced Protection**
  We prioritize the security of sensitive documents. Our security features prevent unauthorized downloads while ensuring your information is protected at all times.
- **Focus on PDFs**
  Recognizing the importance of a unified format, the Dynamo Investor Portal provides a seamless and unified format for comprehensive document needs.

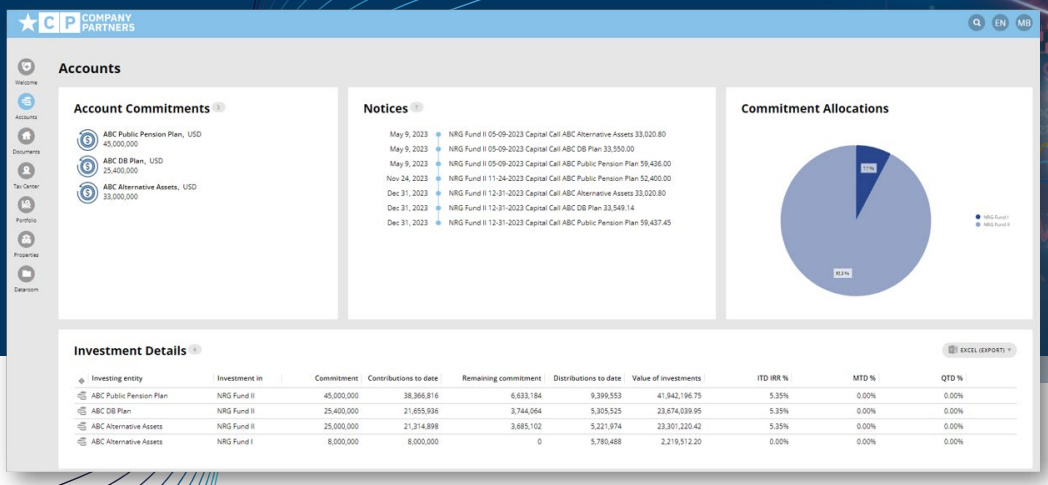

These features not only enhance the efficiency of document management but also fortify the trust between investment teams and their clients by ensuring high standards of data security and accessibility.

Interactive, Highly-Configurable Dashboard: Experience Real-Time Engagement

Transforming the way clients monitor their investments, our dynamic, configurable dashboard introduces an interactive platform equipped with live video updates, direct dialing from mobile devices, and comprehensive analyses of critical events or notifications. Its adaptable click-and-drag visualization components allow for instant updates, enabling seamless integration of clients' branding for a fully cohesive visual experience. This level of engagement and configurable fosters a deeper connection between investors and their portfolios, enhancing satisfaction and loyalty.

Universal Compatibility: iOS, Android, and Beyond

Recognizing the need for accessibility and consistency, the new Dynamo Investor Portal offers a seamless experience across all devices. With native app integration for both iOS and Android platforms, portal users can execute functions smoothly, keeping clients connected to their investments without compromise. This universal compatibility ensures that regardless of where your clients are or what device they use, their experience remains uninterrupted and engaging.

Elevating Real Estate Investment Opportunities

The new Dynamo Investor Portal brings unmatched specialization in real estate investment, introducing enhanced features designed specifically for the dynamic needs of real estate investors:

- **Fully-Responsive Design**
  Our interface is built to provide uniform excellence, ensuring a smooth and intuitive user experience across all devices.
- **Google Maps Integration**
  With our integrated Google Maps feature, location insights are more accessible than ever. Clients can rapidly find their investment sites with precision and ease.
- **Flexible, Intuitive Portal**
  Tailor the Dynamo Investor Portal to fit your clients' unique investment strategy, offering flexibility that caters to their specific needs.

These features not only streamline the investment process but also provide a competitive edge by offering detailed insights and a configurable platform that meets the unique demands of real estate investment.
